

## Is Your Puppy Being Naughty? We Can Help

Superior Dog Academy (SDA) offers obedience training, problem solving, behavior Modification and puppy guidance programs. SDA offers group and private sessions (For more information see Training Information) by a certified trainer.

SDA endorses positive training methods. This enables the canine to WANT to learn thus making learning fun and desirable. Many times unwanted behaviours are unknowingly created by the owner. Many times owners lack the skills of communication. Canines then become confused and do not know what their owners want them to do.

SDA teaches the owner how to "read the dog" and to incorporate the important skills of communication.

Superior Dog Academy is pleased to offer a 10% ON ALL FEES To Shake A Paw Customers:
